

Hjælp Din Næste

An NGO For Homeless and socially vulnerable people

Core values

Transparency

We believe, that we can create a different NGO, by showing which donations are going where.

HJÆLP DIN NÆSTE

Benevolence

When we meet homeless people, we believe they have a story that deserves to be told. We meet them at eye level and we never forget the human aspect.

Security

We build relations with the people we meet on our way. The foundation for our relations is reliance. By continuously being on the street, we build trust, and trust leads to security

Projects

Handouts

Collecting and handing out clothes, food and essential items on the street and at shelters

Christmas presents

Collecting and handing out personalized christmas gifts in Copenhagen and across Denmark

Project New Home

Helping homeless people transition from street into home, with furniture and able hands

Social Media Strategy

- Weekly posting on all* platforms
- Transparency through content.
 - Receipts, large purchases
